## SHORT SUMMARY

Acquia Certified Senior Drupal Developer with 14+ years in the field.

While I easily adapt to any modern stack, my core expertise is building Drupal projects with a focus on the frontend.

Lately, I've been heavily focused on modernising Drupal workflows using Single Directory Components (SDC) and Drupal Canvas.

## EXPERIENCE

**CTI Digital, UK (remote) — Senior Drupal Developer**

2019 - PRESENT

**Up and Running Software, Freelance — Front-End Developer**

2018 - 2019

**Wodomi, Serbia — Co-Owner | Drupal Front-End Developer**

2015 - 2018

**Upwork, Freelance — Front-End Developer**

2014 - 2018

**Eton Digital Ltd., Serbia — Drupal Front-End Developer**

2012 - 2015

## CERTIFICATIONS & COMMUNITY

- [Acquia Certified Front End Specialist](#)
- [Speaker at Drupal Camp](#)
- Cyber Security Awareness – Certified / Trained
- [Active Drupal Community Member](#)

## SKILLS

**CMS Platforms:** Drupal, Wordpress, Magento, Gatsby

**Front-End Stack:** HTML5, TailwindCSS, PostCSS, Bootstrap, Foundation

**Back-End Stack:** PHP, Node.js

**JavaScript Frameworks:** jQuery, AlpineJS, VueJS, ReactJS, StorybookJS, TypeScript

**Build Tools & QA:** Webpack, Npm, Playwright

**Databases:** MySQL, MariaDB, phpMyAdmin

**Design tools:** Figma, Adobe Photoshop

**Local dev:** Git, Drush, Docker, Chrome DevTools, PhpStorm

**AI tooling:** Github Copilot, Claude, Gemini

## LANGUAGES

English, Slovak, Serbian

## EDUCATION

**ICT College, University of Belgrade**

Information Technology  
Bachelor's degree

2008 - 2012

## SUMMARY

I have architected and delivered more than 50 high-impact Drupal (7–11) front-end solutions, consistently prioritizing Core Web Vitals optimization and WCAG accessibility compliance. My experience spans the full project lifecycle, from leading client consulting and discovery phases to establishing front-end engineering standards and ensuring UI consistency with StorybookJS.. Previously, I co-founded and managed the specialized agency Wodomi and developed key projects for the Belgium market.

I am a self-driven developer who takes ownership of code structure and quality, with a strong focus on contributing to high-performing international teams. My technical workflow centers on building custom themes from the ground up by creating components in StorybookJS, setting them up as Paragraphs in Drupal, styling with TailwindCSS, and adding interactivity via AlpineJS. I possess excellent communication skills in English and I am highly comfortable working remotely with Europe/US counterparts.

## PROJECTS

### **London Transport Museum**

Museum

World's leading museum of urban transport with galleries of vintage London trams, trains & buses.

### **Visit Britain**

Tourist Organisation

VisitBritain provides you with fresh perspectives of the UK's diverse cities, modern twists, historic icons, and green spaces full of unexpected gems.

### **Devere**

Hotel

A Drupal-based hotel and hospitality platform designed to support digital customer experiences.

### **Saïd Business School**

University

A Drupal platform optimized for academic content management and student engagement.

### **University of West London**

University

Developed in Drupal, this project focuses on scalable content management and robust digital infrastructure for educational offerings.

### **Arts Council**

Creativity & Culture

A government-funded Drupal platform acting as a secure hub for funding applications, with a heavy emphasis on accessibility.
